Matt Reddy and his sailors have fought, bled, and died for their Lemurian friends and other allies from across time, but their enemies are still operational. In Africa, the Grik General Esshk has escaped defeat to build a new army and new weapons, and is desperate enough to use them to destroy the world if he can't have it.

The crew of the USS Walker, led by Lieutenant Commander Matthew Reddy, upholds their promise to defend and protect the Allies as they face a new threat from the "Holy Dominion" and their devastating new weapon.

The skies explode in this thrilling alternate history novel in Taylor Anderson's New York Times bestselling Destroyermen series. After the terrible battle between the men of the

destroyer USS Walker and their Lemurian allies against the savage Grik, Lieutenant Commander Matthew Reddy is shocked by the arrival of a strange ship captained by Commodore Jenks of the New Britain Imperial Navy—an island-nation populated by the descendants of British East Indiamen swept through the rift centuries before. With the Walker undergoing much-needed repairs, Reddy knows the Grik have only been fended off, not defeated, and he will need all hands on deck to fight them off when they next attack—but Jenks' loyalties seem uncertain. As tension between the Allies and the Imperials mount, Reddy will come to realize that his suspicions are not misplaced—and that a greater danger than the Grik is about to be revealed...

Includes numerous maps and illustrations. This monograph provides first-hand accounts of Destroyer Squadron 18 during this critical battle upon which so much of the success of our campaign in Europe would depend. Their experience at Omaha Beach can be looked upon as typical of most U.S. warships engaged at Normandy. On the other hand, from the author's research it appears evident that this destroyer squadron, with their British counterparts, may have had a more pivotal influence on the breakout from the beachhead and the success of the subsequent campaign than was heretofore realized. Its contributions certainly provide a basis for

discussion among veterans and research by historians, as well as a solid, professional account of naval action in support of the Normandy landings.

The spectacular alternate military history saga continues in the third novel in the New York Times bestselling Destroyermen series... Lieutenant Commander Matthew Reddy, along with the men and women of the battleship Walker, are once again at war. Having sided with the peaceful Lemurians against the savage, reptilian Grik, they now find themselves scrambling to prepare for the attack that is sure to come. Meanwhile, the Japanese juggernaut Amagi, also trapped in this strange world, is under Grik control. Soon, they will have amassed a force that no amount of fire-power and technology will be able to stop. Reddy, his crew, his allies, and his loved ones face annihilation. But if there is one thing they have learned about their new world, it is that hope-and help-may just be over the horizon...

Hurtled through time and space from the World War II Pacific, Lieutenant Commander Matthew Reddy, and the crew of the USS Walker find themselves in a strange alternate world where they and the destroyer Mahan ally themselves with the Lemurians in their battle against the warlike reptilian Grik, who have seized control of the Japanese battleship Amagi.

New York Times bestselling author Taylor Anderson continues the thrilling Destroyermen series of alternate history and military strategy, as the conflict is about to become terrifyingly personal.... Captain Matt Reddy and the crew of the USS Walker have been fighting for their lives ever since their ship was swept from the Pacific to another world and they became embroiled in a deadly conflict between their Lemurian allies and the ravaging Grik. But things are about to get worse. With Reddy's family and allies held prisoner by the mad General Kurokawa, the mysterious League and evil Dominion plotting schemes of their own, and the Grik trying to build their swarm and concentrate power, Reddy faces danger on all sides. Although desperate to confront Kurokawa, Captain Reddy fears he's subordinating the war effort for personal reasons. But Kurokawa is too dangerous to be left alone. With the mighty League battleship Savoie at his command, he plots a terrible vengeance against Reddy and his tiny, battered destroyer. The stage is set for a devastating cataclysm, and Reddy and his allies will have to risk everything to protect what they hold dear.

In Taylor Anderson's acclaimed Destroyermen series, a parallel universe adds an extraordinary layer to the drama of World War II. Now, Lieutenant Commander Matthew Reddy, the crew of USS Walker, and their allies

battle an ever-growing host of enemies across the globe in a desperate battle for freedom ... War has engulfed the other earth. With every hard-won victory and painful defeat, Matt Reddy and the Allies encounter more friends—and even more diabolical enemies. Even, at last, in the arms of the woman he loves, there is little peace for Reddy. The vast sea, and the scope of the conflict, have trapped him too far away to help on either front, but that doesn't mean he and Walker can rest. Cutting short his "honeymoon," Reddy sails off in pursuit of Hidoiame , a rogue Japanese destroyer that is wreaking havoc in Allied seas. Now that Walker is armed with the latest "new" technology, he hopes his battle-tested four-stacker has an even chance in a straight-up fight against the bigger ship—and he means to take her on. Elsewhere, the long-awaited invasion of Grik "Indiaa" has begun, and the Human-Lemurian Alliance is pushing back against the twisted might of the Dominion. The diplomatic waters seethe with treachery and a final, terrible plot explodes in the Empire of New Britain Isles. Worse, the savage Grik have also mastered "new" technologies and strategies. Their fleet of monstrous ironclads—and an army two years in the making—are finally massing to strike...

call for desperate measures, in the return to the New York Times bestselling Destroyermen series. Time is running out for the Grand Human and Lemurian Alliance. The longer they take to prepare for their confrontations with the reptilian Grik, the Holy Dominion, and the League of Tripoli, the stronger their enemies become. Ready or not, they have to move--or the price in blood will break them. Matt Reddy and his battered old destroyer USS Walker lead the greatest army the humans and their Lemurian allies have ever assembled up the Zambezi toward the ancient Grik capital city. Standing against them is the largest, most dangerous force of Grik yet gathered. On the far side of the world, General Shinya and his Army of the Sisters are finally prepared for their long-expected assault on the mysterious El Paso del Fuego. Not only is the dreaded Dominion ready and waiting for them; they've formed closer, more sinister ties with the fascist League of Tripoli. Everything is on the line in both complex, grueling campaigns, and the Grand Alliance is stretched to its breaking point. Victory is the only option, whatever the cost, because there can be no second chances.

Lieutenant Commander Matthew Reddy and the crew of the U.S.S. Walker continue to battle for freedom and survival in a parallel universe during World War II in this novel from the author of Distant Thunders. Reprint.
