Essence of Decision: Explaining the Cuban Missile Crisis is an analysis by political scientist Graham T. Allison, of the 1962 Cuban Missile Crisis. Allison used the crisis as a case study for future studies into governmental decision-making. The book became the founding study of the John F. Kennedy School of Government, and in doing so revolutionized the field of international relations. Allison originally published the book in 1971. In 1999, because of new materials available, he rewrote the bo

Essence of Decision is both a vivid account of a crucial international event and a breakthrough in the application of organizational and political theory to events. Professor Allison analyzes the Cuban missile crisis in terms of three alternative frames of reference. By examining it first through one set of conceptual lenses, then through a second, and finally through a third, he explores some of the fundamental yet often unrecognized choices among the categories and assumptions that channel ...

~~Essene of Decision | Military Wiki | Fandom~~

Essence of Decision was written in 1971 and attempted to formulate a theory of international political decision-making using public policy decision-making theory. In general, this is a great idea. However, Allison uses the wrong case study to support it. The Cuban Missile Crisis is not an example of bureaucratic decision-making.
