Narrowing the Personal Finance Study Guide What Felicia set out to do after that was figuring out which specific areas of focus the course would highlight. With the entire group being essentially beginners in this topic, it would be best – she realized – to provide them with a simplified personal finance guide that served as a general overview.

~~Personal Finance Guide: Study Guide & Learner Resources | NFEC~~

Finance is the specialised study of how an individual or a company manages its funds. Often combined or overlapped with accounting/business, a finance degree gives you a broad understanding of the way that money influences people and places.

The basis of corporate finance is the separation of ownership and management. Now, the firm is not restricted by capital which needs to be provided by an individual owner only. The general public needs avenues for investing their excess savings. They are not content with putting all their money in risk free bank accounts.
