The goal of transport policy is to  
make effective decisions  
concerning the allocation of

# Acces PDF International Handbook Of

transport resources, including the management and regulation of existing transportation activities. Thus, transport policy can be concomitantly a public and private endeavor. Still, governments are often the most involved in the policy process

# Acces PDF International Handbook Of

Transportation Policy  
since they either own or manage many components of the transport system and have levels of jurisdiction on all existing transportation modes.
