This edited book provides a global view on evolution education. It describes the state of evolution education in different countries that are representative of geographical regions around the globe such as Eastern Europe, Western Europe, North Africa, South Africa, North America, South America, Middle East, Far East, South East Asia, Australia, and New Zealand. Studies in evolution education literature can be divided into three main categories: (a) understanding the interrelationships among cognitive, affective, epistemological, and religious factors that are related to peoples' views about evolution, (b) designing, implementing, evaluating evolution education curriculum that reflects contemporary evolution understanding, and (c) reducing antievolutionary attitudes. This volume systematically summarizes the evolution education literature across these three categories for each country or geographical region. The individual chapters thus include common elements that facilitate a cross-cultural meta-analysis. Written for a primarily academic audience, this book provides a much-needed common background for future evolution education research across the globe.

A NEW YORK TIMES BESTSELLER! "[Doesn't shy] away from the hard truths of Sotomayor's childhood . . . [and] discusses real-world issues like racism, privilege, and affirmative action." —The Washington Post Discover the inspiring life of Justice Sonia Sotomayor, the first Latina and third woman appointed to the United States Supreme Court, in this middle-grade adaptation of her bestselling adult memoir, *My Beloved World*. Includes an 8-page photo insert and a brief history of the Supreme Court. Sonia Sotomayor was just a girl when she dared to dream big. Her dream? To become a lawyer and a judge even though she'd never met one of either, and none lived in her neighborhood. Sonia did not let the hardships of her background—which included growing up in the rough housing projects of New York City's South Bronx, dealing with juvenile diabetes, coping with parents who argued and fought personal demons, and worrying about money—stand in her way. Always, she believed in herself. Her determination, along with guidance from generous mentors and the unwavering love of her extended Puerto Rican family, propelled her ever forward. Eventually, all of Sonia's hard work led to her appointment as an Associate Justice of the United States Supreme Court in 2009, a role that she has held ever since. Learn about Justice Sotomayor's rise and her amazing work as well as about the Supreme Court in this fascinating memoir that shows that no matter the obstacles, dreams can come true. A Kirkus Reviews Best Book of 2018! "People—I add children—who live in difficult circumstances need to know that happy endings are possible." —Justice Sonia Sotomayor on why she writes books (ABC News)
