She gave them everything and asked for nothing in return... Rita Bradshaw's heart-stopping saga. Eve and Her Sisters, is a captivating tale of poverty, family and unrequited love. Perfect for fans of Dilly Court and Kitty Neale. Following their father's death in a mining accident, sisters Eve, Mary and Nell journey to the Michaelmas fair at Gateshead to be put up for hire - it is that or face the workhouse. Eve, who has looked after her younger sisters since their mother's death, cannot bear the thought of them being separated so she is indebted to innkeeper, Caleb Travis, when he takes pity on her and agrees to hire them all. Over the years, Eve's gratitude towards him turns to love, but Caleb is blind to Eve's feelings as he is infatuated with Mary. It is to take many more years of heartache before he realises his mistake... What Amazon readers are saying about Eve and Her Sisters: 'Rita Bradshaw at her best. Fantastic story line and you get drawn into the book, I could not put it down. Very down to earth and one can empathise with situations the characters find themselves in. More, more, more from Rita' 'I couldn't put it down, it was moving, touching and almost as though it was real. Very believable, fully recommend' 'The author really brings the characters to life and you almost feel as though you are there. Brilliant!'

The Poetry of Lu Ann is a wondrous thing. It'll make you cry or make you sing. Should you dare to sift through these pages. You'll find poems that span throughout the ages.

It constitutes the refereed proceedings of the 4th Asian Supercomputing Conference, SCFA 2018, held in Singapore in March 2018. Supercomputing Frontiers will be rebranded as Supercomputing Frontiers Asia (SCFA), which serves as the technical programme for SCA18. The technical programme for SCA18 consists of four tracks: Application, Algorithms & Libraries Programming System Software Architecture, Network/Communications & Management Data, Storage & Visualisation The 20 papers presented in this volume were carefully reviewed nd selected from 80 submissions.

Notifications provide a unique mechanism for increasing the effectiveness of real-time information delivery systems. However, notifications that demand users' attention at inopportune moments are more likely to have adverse effects and might become a cause of potential disruption rather than proving beneficial to users. In order to address these challenges a variety of intelligent notification mechanisms based on monitoring and learning users' behavior have been proposed. The goal of such mechanisms is maximizing users' receptivity to the delivered information by automatically inferring the right time and the right context for sending a certain type of information. This book presents an overview of the current state of the art in the area of intelligent notification mechanisms that rely on the awareness of users' context and preferences. We first present a survey of studies focusing on understanding and modeling users' interruptibility and receptivity to notifications from desktops and mobile devices. Then, we discuss the existing challenges and opportunities in developing mechanisms for intelligent notification systems in a variety of application scenarios.

Cal Flynn was very proud when she discovered that her ancestor, Angus McMillan, had been a pioneer of colonial Australia. However, when she dug deeper, she began to question her pride. McMillan had not only cut tracks through the bush, but played a dark role in Australia's bloody history. Angus McMillan had left the stark, windswept landscape of the Highlands in the 1830s blighted by the Clearances for the alien harshness of the Australian frontier and had since been mythologised as a great explorer. This tug of personal history and a glimmer of an ancestor's greatness convinced Cal Flynn to investigate her great-great-great uncle's story fully. So when she uncovered the tough Highlander's involvement leading several horrific massacres of Aboriginal people, she realised that her family had played an iconic role in a most shameful chapter of Australia's bloody history. Indeed, Angus McMillan was known by another name: 'The Butcher of Gipsiland'. Driven to piece together his story and to confront her history, Cal decided to follow Angus's route from Skye to rural Australia. 'Thicker Than Water' evokes the startlingly beautiful wilderness of the Highlands, the seemingly empty bush of Victoria and the echoes and reverberations on one from the other. The expulsion and brutality that marked the Highland Clearances were re-enacted in Australia, and Flynn's stunning prose prompts contemplation on the nature of the destruction of ways of life and the way in which one culture lays claim and asserts its weight over another. Delving into a dark period in Australian history with a novel's immediate style, this book asks how whole societies can come to be overlooked, forgotten and shamed.

Buy this cool Reps For Jesus Workout Log for your Training. Workout to write every rep and every set down. It has 120 pages. 6x9 inches. Matte Cover. For everyone that is training in the gym. It is for Bodybuilders, Powerlifters, Weightlifters, Strongman and every other lifter that likes to track their progress. You can write down your exercises, sets, reps, weight and rest time. Also there are blanks where you can write down the date, your stats and your weight on the day. You can also track your cardio training. Perfect as a gift or present for Christmas or Birthday for every lifter.
