Dr. W. Cleon Skousen spent the majority of his life researching the gospel, the U.S. Constitution, the founding of America and writing numerous books and articles on the topic. He is also one of the most well-known, respected defenders of America and the gospel the world has ever known. At the time of his passing in 2006, his work was not yet finished. His book The Cleansing of America, written in 1994 and given into the care and keeping of his sons, is now being brought forth for the first time ever. Included in these pages are the events and stages the Lord has predicted, through his servants, the winding-up scenes of this world. It helps the reader understand: the nature of prophecy, the known chronology of prophetic events, and the importance of staying close to the Lord and his prophets during the difficult and challenging years prior to the Second Coming. We are fast approaching those prophetic events. Some are upon us even now. If we are prepared and obedient, we need not fear these events, but rather embrace them for the blessings they portend.

Today's Web pages need to pop. Even weekend webmasters can make their site shimmy using JavaScript, a simple yet powerful programming language. This clear, jargon-free book shows you, with step by step instructions, how to add free JavaScript programs to give you menus that expand when a visitor clicks on them, images that change with a mouse roll, and pages that respond to what a user types in. This Mini Missing Manual is excerpted from Creating a Web Site: The Missing Manual.

Based on the Cornell note-taking format, this resource incorporates writing into the learning process. Directly linked to the student text, this notebook provides a systematic approach to learning science by encouraging students to engage by summarizing and synthesizing abstract concepts in their own words

The authors and audiences for twentieth century Chinese literature, especially fiction, are examined in this book. While modern Chinese fictions are imaginary in that they do not constitute reliable portraits of Chinese life, they can reveal fascinating insights into the writers themselves and their implied audiences. The book also includes substantial reference to poetry, drama, film, and the visual arts as well as to the political and social context in which they appear.

You can follow the rules or you can follow your heart... **THE MOMENT OF LETTING GO** Sienna Murphy never does anything without a plan. And so far her plans have been working. Right after college, she got a prestigious job and gained the stability she'd always craved-until work takes her to the sun-drenched shores of Oahu and places her in the path of sexy surfer Luke Everett. For the first time, she lets her heart take control. Drawn to his carefree charm, she makes a spontaneous and very un-Sienna-like decision to drop everything and stay in Hawaii for two more weeks. Luke lives fast and wild. When he meets Sienna, he's convinced that some no-strings-attached fun is just what she needs. As their nights quickly turn from playful to passionate, Luke can't deny the deep connection he feels. But there's a reason Luke doesn't do long-term. He can't promise Sienna forever, when the enormity of his past has shown him just how fragile the future can be . . .

Popular designer Bari J. brings her bright and feminine signature style to 15 new projects-ruffled quilts, a unique tunic and bag, plus sweet decorations and accessories for every room in the house. Readers will appreciate the book's luscious photography, as well as Bari's in-depth advice on fabric collage, free-motion stitching, machine applique, patchwork piecing, and simple garment techniques.

Designated a Doody's Core Title! "[T]his text is a truly amazing microanalytic compendium of social support strategies in different family configurations, in different context and ethnic groups, and filling different types of needs." --From the Foreword by Janice M. Morse, RN, PhD, FAAN University of Utah This book serves as an authoritative reference for health care practitioners and researchers concerned with mobilizing support for individuals caring for a disabled adult or child family member. The authors integrate numerous types of research to provide a comprehensive compendium of best practices for social support within vulnerable populations. This book provides a wealth of insight into the experience of family caregivers and describes the importance of support. Nurses, practitioners, researchers, and professionals will find this book useful, as they provide care to patients, plan programs, or develop policies intended to assist family caregivers. Armed with this essential knowledge of the best methodological approaches to family caregiving, readers will have both the insight and tools to optimize caregiving across the range of hospices, treatment facilities, and home care. **Key Highlights:** Information on supportive interactions, reciprocity, and the obligations of social support Illustrative examples of the supportive and nonsupportive interactions that real-life men and women caregivers have experienced Discussions of social support from the informal social networks of kin and friends Information on social support within minority populations, including the elderly, children, and immigrants
