Fifty years after living in a remote Pakistan village as a Peace Corps volunteer, Leslie Noyes Mass returns to discover a much-changed Pakistan—and a village that still remembers her. Mass captures the heart and attention of the reader with her story of Pakistanis in 1962 and those of a new generation, engaged in building a sustainable educational system for their country's forgotten children.

This major textbook provides a clear and comprehensive introduction to the main analytical approaches and their use in the study of third world politics and development. The author outlines the difficulties in the various analytical approaches to the study of development within political science; presents a critical overview of each of the main schools of thought and explores the contemporary issue of democratization to illustrate how students can apply a framework for research and critically develop a perspective on their own.

After the publication of the third edition of this book, new AISC Specification was released in 2010 that contains combined provisions for ASD and ARFD methods and formulas in non-dimensional format to be used both for the FPS and the SI units. This fourth edition is prepared after revising the original book in the light of the new Specification of AISC 2016. The book contains tables required for the 345 Grade Steel and BS sections. The author is highly thankful to all the engineers and students who have participated in the improvement of this book through their questions and queries. As before, the detailed design procedure of the steel structures is explained in a separate book titled “Steel Structures” which frequently refers to this book for the properties tables and the design aids. Suggestions for further improvement of the presentation will be highly appreciated and will be incorporated in the future editions.

JUVENILE DELINQUENCY: THE CORE is accompanied by a robust Study Guide designed to ensure students get the most out of the text as well as their classroom experience. The Learning Objectives, detailed Chapter Summaries, Chapter Outlines, and Key Terms with Definitions, which allow students to conduct an in-depth review of the material at their own pace, are followed by a series of multiple-choice, true/false, fill-in-the-blank, and short response questions which students can then use to assess their knowledge.

When The Accidental Prime Minister was published in 2014, it created a storm and became the publishing sensation of the year. The Prime Minister’s Office called the book a work of ‘fiction’, the press hailed it as a revelatory account of Prime Minister Manmohan Singh’s first term in UPA. Written by Singh’s media adviser and trusted aide, the book describes Singh’s often troubled relations with his ministers, his cautious equation with Sonia Gandhi and how he handled the big crises from managing the Left to pushing through the nuclear deal. Insightful, acute and packed with political anecdotes, The Accidental Prime Minister is one of the great insider accounts of Indian political life.

This book reviews the recent internal security challenges facing Pakistan. It is a timely and valuable addition to the literature on the subject of governance and the rule of law. It is based upon the author's approximately four decades (1973–2011) of creditable public service and provides special insights into how Pakistan, as a state, has been mismanaged at all levels. Bringing a practitioner's expertise, it will no doubt serve to inform the interested readership and stimulate debate on an issue that is of central importance to the survival of Pakistan as an effective state.

Most books on journalism today are either too complex to comprehend or too superficial. Barun Roy has really done a remarkably good job to fill a long-felt vacuum. This guide introduces basic tools of the applied journalism in simple language. It provides step-by-step instructions to develop skills in the field. Any person interested in journalism, mass communication and in public relations will find this book very interesting, informative and useful. It could even motivate you to contribute articles and features to newspapers and magazines as a freelance writer. Some salient features of the book: *What is journalism? *News Gathering. *News Lead. *Putting the Story together. *Writing in Newspaper Style. *Colourful News Feature. *Headline Story. *Journalism as a Career.
