characters, all of whom call Washington, DC, home. A “woke” millennial tries to fight gentrification, only to learn she’s part of the problem; a grade school teacher dreams of a better DC, only to take out her frustrations on her students; and a young piano player wins a competition, only to learn the prize is worthless. Ultimately, they are confronted with the fact that respectability does not equal freedom. Instead, they must learn to trust their own conflicted judgment and fight to create their own sense of space and self. “An exciting literary achievement by a significant emerging talent. This flawlessly executed work reinvigorates the short fiction genre.” —BUST “Equal parts funny, poignant, stirring and heartbreaking . . . This book is our collective coming-of-age story—and it’s about time. For years, moral language has been the province of the Right, as the Left has consoled itself with rudderless pragmatism. In this profound and powerful book, Susan Neiman reclaims the vocabulary of morality--good and evil, heroism and nobility--as a lingua franca for the twenty-first century. In constructing a framework for taking responsible action on today's urgent questions, Neiman reaches back to the eighteenth century, retrieving a series of values--happiness, reason, reverence, and hope--held high by Enlightenment thinkers. In this thoroughly updated edition, Neiman reflects on how the moral language of the 2008 presidential campaign has opened up new political and cultural possibilities in America and beyond. --
