This early work on the self is both expensive and hard to find in its first edition. It details the ideas of what the self is and how to recognize it. This fascinating work is thoroughly recommended for inclusion on the bookshelf of anyone interested in self awareness. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

This book has been considered by academicians and scholars of great significance and value to literature. This forms a part of the knowledge base for future generations. So that the book is never forgotten we have represented this book in a print format as the same form as it was originally first published. Hence any marks or annotations seen are left intentionally to preserve its true nature.

Upadesa Sara - the essence of all teaching - is one of the most popular Vedantic texts. It explains the paths of Action (Karma Yoga), Yoga (Astanga Yoga) and Knowledge (Jnana Yoga) and how they lead to the final goal of Self Knowledge. The great sage, Bhagvan Ramana Maharishi presents the subject in a simple and beautiful way. Swami Tejomayananda's commentary further simplifies the text and brings out its essence in an appealing way.
