Over much of the past century, the law governing third-party importation of non-counterfeit, genuine goods has been obscured by conceptual uncertainty. In recent years, the debate over the gray market has centered on the fundamental reasons for trademark protection, and has raised the possibility of conflict between the two traditionally recognized purposes of trademark law--protecting consumers from deception and protecting trademark owners from lost sales. Hiebert discusses the evolution of the universality and territoriality principles of trademark law, and develops a new understanding of the role of goodwill in resolving trademark infringement issues. Beginning with a review of the earliest days of trademark law, Hiebert traces the development of the twofold purpose and territoriality doctrines in the United States, and examines in detail the cases, statutes, and regulations governing parallel imports. Unlike other recent treatments of the subject, this work benefits from the availability of important archival materials, and devotes considerable attention to the nineteenth-century antecedents of modern parallel importation doctrine, and to the evolution of trademark doctrine within the broader context of American legal realism.

For use in schools and libraries only. A collection of 158 mini-mysteries in which readers play Dr. Watson to master-detective Dr. Haledjian.

Thomas Schreiner, a respected scholar and a trusted voice for many students and pastors, offers a substantial and accessibly written overview of the whole Bible. He traces the storyline of the scriptures from the standpoint of biblical theology, examining the overarching message that is conveyed throughout. Schreiner emphasizes three interrelated and unified themes that stand out in the biblical narrative: God as Lord, human beings as those who are made in God's image, and the land or place in which God's rule is exercised. The goal of God's kingdom is to see the king in his beauty and to be enraptured in his glory.

Toni Davis's Christmas wish list 1. Springing my best friend from the psych ward. 2. Living somewhere that doesn't have coffins in the basement. Occupied coffins. 3. Finding Mr. Right. Please make him tall, dark, handsome, and alive. This Christmas isn't so merry for Toni. Her best friend's been locked up in a mental hospital ever since she told the police she was attacked by vampires, and the only way for Toni to get her out is to prove that bloodsuckers really do exist. So she's taken a job as a bodyguard for the Undead, but she gets more than she bargained for, especially when she meets Ian MacPhie, a Scottish rascal looking for Ms. Right. Although Ian's nearly five centuries old, he looks and acts like a twenty-seven-year-old hunx. How can a dead man be so damn sexy? Could Mr. Wrong be Mr. Right? One forbidden kiss could lead to an eternity of passion-and all it takes is one moment under the mistletoe . . .

Being an adult has its advantages... Lucas Abbott and his identical twin grew up sharing everything--including a reputation for funny, idiotic behavior. But now that Lucas is ready to shed that lovable-idiot image, grow up and have a real, adult relationship, the joke's on him. He and his twin have fallen for the same woman. Crushed and hoping a few days on the slopes will work out his frustrations, he heads for Stowe, Vermont. All thought of fun and relaxation flies away as a car spins out in a snowstorm, and his firefighter/paramedic training kicks into high gear. Danielle Rowson is hoping to pick up the pieces and build a new life for herself and her daughter in Vermont. Winding up in a ditch in the middle of a blizzard isn't part of the plan--and neither is the kind, sexy rescuer whose strong hands pull them to safety. Lucas has been a little kid, a big kid and now an adult--and he discovers that adulthood has more than one advantage. Especially when it comes to sharing with Dani and Savannah the one thing that's his and his alone: his love. Reading Order for Green Mountain/Butler, Vermont Series Green Mountain Series Book 1: All You Need Is Love (Will & Cameron) Book 2: I Want to Hold Your Hand (Hannah & Nolan) Book 3: I Saw Her Standing There (Colton & Lucy) Book 4: And I Love Her (Hunter & Megan) Novella: You'll Be Mine (Will & Cameron's Wedding) Book 5: It's Only Love (Ella & Gavin) Book 6: Ain't She Sweet (Charley & Tyler) Butler, Vermont Series Book 1: Every Little Thing (Grayson & Emma) Book 2: Can't Buy Me Love (Patrick & Mary) Book 3: Here Comes the Sun (Wade & Mia) Book 4: Till There Was You (Lucas & Danielle)

Learn a broad range of techniques for dry flies, streamers, and wet flies by tying the modern flies that everyone is talking about. Author Tim Cammisa teaches you how to tie these simple but effective patterns and then how to take the techniques you've learned and use them for most of the other core patterns--old and new--that should be in your box. Includes information on the latest materials, tying tips from other tiers, and 16 patterns with recipes and complete step-by-step instructions.

In a stock market environment dominated by professional investors, *A Few Good Eggs in One Basket* offers a plain-talk approach to profitability by selecting and managing an investment portfolio of common stocks for an individual. Author Richard L. Gunderson, who has been an investor for more than forty years, outlines an enduring framework that improves the odds for the individual investor to exceed the performance of the market over the long term by buying good companies at bargain prices. He outlines what constitutes a good company and how to determine when a price meets the test of being a bargain. *A Few Good Eggs in One Basket* also helps individual investors by discussing what to look for; where to look; when to buy; when to sell; and how many stocks to own. *A Few Good Eggs in One Basket* presents a prescription designed to take advantage of opportunities created by market overreaction to bad news and disappointing results. Gunderson believes there are always bargains at any time and in any market. The challenge is to consistently apply a disciplined approach to identifying the unusual and favorable opportunities and concentrating a portfolio on those stocks representing the best combination of overall quality and intrinsic value.
