En esta séptima edición del Tratado de contrato de seguro el autor reestructura completamente la obra en tres tomos editados en cuatro volúmenes, dedicando el tomo II al análisis de los seguros contra daños y los seguros de responsabilidad civil. Un análisis detallado, minucioso, casuístico de cada una de los principales ramos y figuras de seguro que más demanda y a la vez litigiosidad presentan en la práctica y lo hace desde un extremo rigor, una combinación clara de dogmática y práctica, para desvelar los entresijos de figuras en ocasiones poco estudiadas en nuestro país o incluso recién incorporadas desde otras experiencias jurídicas a nuestra praxis aseguradora. Un análisis que trasciende a las fronteras de nuestro país incorporando los estudios, posicionamientos doctrinales y sobre todo jurisprudenciales de experiencias como la alemana, francesa, inglesa, italiana, norteamericana, canadiense, australiana, portuguesa, belga, etc. Son más de cincuenta las figuras de seguros contra daños y de responsabilidad civil que el autor aborda incorporando nuevos tratamientos como el seguro de indemnización profesional, el seguro de manifestaciones y garantías o el seguro de pandemias entre otras muchas novedades.

Año 1940. Tras su exilio en París, el pintor Adrián Fadrique decide volver a Madrid con el fin de recuperar su pasado y encontrar a Amelia. En su vida hay un vacío de memoria a causa de un accidente que borró gran parte de sus recuerdos, algo que le empuja a regresar al lugar donde pasó los mejores años de su vida. En la ciudad subsisten restos ocultos de resistencia republicana y un numeroso grupo de agentes extranjeros que tratan de decantar la posición de España en la recién estallada Guerra Mundial. En esta encrucijada, el artista se ve envuelto en una trama que le lleva a colaborar con La Fundación, un movimiento clandestino auspiciado por la inteligencia británica y liderado por Ernesto Lara, en cuya vieja librería abandonada se veían durante la guerra. Es así como va dándose cuenta de quien fue realmente, al tiempo que va hallando pistas sobre el paradero de Amelia. Muchos años más tarde, el profesor Alejandro Piedra consigue comprar un óleo del desconocido Adrián Fadrique en una subasta de Sotheby's. Todo hace indicar que se trata de una obra sin mayor importancia, pero la noticia suscita el interés inusitado de extraños grupos que están dispuestos a cualquier cosa para arrebatársela. La librería del callejón es una novela sobre la fidelidad, el arte, el misterio y los vericuetos del destino. De cómo un pintor enamorado se convierte en espía y en el protegido de un nazi obsesionado con el arte y el ocultismo. Todo ello en un Madrid de postguerra plagado de intrigas y de personas que no son lo que parecen.
