simplicity, simplicity!" , for self-honesty, and for harmony with nature, the writings of Henry David Thoreau are perhaps the most influential philosophical works in all American literature. The selections in this volume represent Thoreau at his best. Included in their entirety are Walden, his indisputable masterpiece, and his two great arguments for nonconformity, Civil Disobedience and Life Without Principle. A lifetime of brilliant observation of nature--and of himself--is recorded in selections from A Week On The Concord And Merrimack Rivers, Cape Cod, The Maine Woods and The Journal.

More than any writer of his time, he forged a style distinct from his European predecessors and embodied and defined what it meant to be an American. Matthew Arnold called Emerson's essays "the most important work done in prose." INCLUDES A MODERN LIBRARY
